31 From Area In State Scholarship Semi-Finals

Thirty-one high school seniors in the area are among the 5,129 semi-finalists announced by the Illinois state scholarship commission.

These students were selected from the 21,334 applicants who took the tests Nov. 5. The semi-finalists have been asked to submit further details of their qualifications to the commission, including their record in high school and a statement of their family financial circumstances.

Winners will be named in March, 1961. Approximately 1,500 will be offered financial aid up to a maximum of \$600 at an approved college within the state of Illinois. Approximately 1,500 more will receive honorary scholarships which do not include money grants. An honorary winner must meet all conditions of eligibility except that of financial need. However,

should he need financial assistance during his undergraduate years he can apply for it.

Jan. 7 is the deadline for semi-finalists to submit their applications to the commission. There are many seniors who do not take these examinations because they have planned to attend college outside the borders of Illinois.

Students in the area on the semi-finalist list are:

New Lenox: Susan Bloomquist, Gail R. Gregory, Karen J. Korista, Sharon Lee Vally. Mokena: Marion C. Ambuehl and Sue Ann Shoop. Manhattan: Everett E. Cline and Reece W. Jones. Orland Park: Albert J. Corrier, Jan Evelyn Custer, Peter M. Merwin. Palos Heights: Robert Bartkowiak, Russell C. Johnson, John C. Kunz, John L. Volk, Judith Clare Ware, Frederick

E. Wicks. Palos Hills: Elizabeth Clis-ham, Genevieve Litke. Palos Park: James K. Al-guire, Kenneth R. Grimm, Paul L. Hayden, Linda K. Holmes, Martin J. McCarthy, Lawrence E. Nelson, Sandra J. Smith. Worth: Karen Lee Bishop. Tinley Park: Betty Ann Johnson, William R. Kliche, Patrick J. Hackle and Suzanne D. Watkins.

Tinley Mother And Child Die In Auto Collision

Two are dead, a 23-year-old mother and her year-old daughter as a result of two-car collision Saturday on U. S. 6, a mile west of Route 42-A in Orland township.

The victims are Shirley Maciejewski and Sandra, 16311 Byron Drive Tinley Park.

They were passengers in a car driven by the husband and father, David Maciejewski, 23. According to State Trooper Earl Enders Maciejewski's car, traveling west, skidded passing another west bound car driven by Virgil H. Hayward, 52, of Harvey.

The two drivers escaped hurt. Mrs. (Margaret) Hayward, 44, and another passenger in the Hayward car, Mrs. Pearl Childs, 66, were taken to St. Francis hospital, Blue Island. The infant, Sandra, also was

taken to St. Francis and died there Monday night.

Mrs. Maciejewski was the first fatality recorded in Cook county over the Christmas holiday.

Don Whitehouse, 29, of 11500 W. 139th, Orland Park, escaped injury Monday afternoon when his car went out of control when he rounded a curve on Parker road, half a mile north of Bruce road, according to State Trooper John Walsh, and struck some trees. Six passengers, however, are said to have suffered cuts and bruises. Lois Crampton, 33, Orland Park; Lawrence Grosskopf, 18, of 16812 S. Oconto, Tinley Park; George Schroeder, 27, his wife, Carol, 24, and their two children, Ronald 4, Lynn, 6, of Addison, Ill.

Gives Motorists 6 Weeks To Purchase 1961 Plates

February 15 will be the deadline for displaying 1961 motor vehicle license plates, Secretary of State Charles F. Carpenter announced today.

This will be the sixth consecutive year that date has been the deadline. It will be observed again this licensing season in spite of complications resulting from the change to a letter-digit numbering system for all registrations in excess of 999,999, Secretary Carpenter said.

As in the past, Mr. Carpenter pointed out, the February 15 date is a plate display deadline,

not merely an application deadline.

This means, he added, that persons applying by mail for their plates should have their applications in his office by February 1 in order to be assured of having their plates in time for the deadline.

Plates may be purchased now over the counter at the Automobile Division headquarters in Springfield and at the three Motor Vehicle Facilities in Chicago: 5301 Lexington, 5401 North Elston and 9901 South Parkway, Mr. Carpenter said.

Early Mailing Made Job Easier, Says Postmaster

The 1960 mail early program of New Lenox postoffice was a complete success, Postmaster Lester Brown announced today.

"Thanks to the cooperation of mailing public in New Lenox area, employees of the postoffice were able to complete distribution of all mails received by Dec. 23rd," he said. "The knowledge that another Christmas mailing season had been successfully completed enabled us to relax and enjoy Christmas with our families."

"Our records indicate this has been heaviest Christmas mailing in history at New Lenox Post Office."

"Cancellations of cards and

letters for period of Dec. 7 thru Dec. 24 show a increase of 26,606 over last year, with a total of 132,158 letters being cancelled this period. Heaviest day of this period was Sat. Dec. 17 when 15,228 letters and cards were processed.

"A total of 342 sacks of out-bound parcel post was prepared and sent out over this same period. This indicated a gain of 29 sacks over previous years. Only a few cards remain on hand as undeliverable due to lack of addresses, or undecipherable addresses. These will be consigned to dead letter branch at Chicago."

September Sales Tax Up For Villages

City sales taxes collected in October on September tax liability grossed \$4,589,500 and county sales taxes for the same period grossed \$266,459, the Illinois department of revenue has reported.

The collections from 1,116 cities and villages (same number as last month's report) and from 52 counties (an increase of one county, Iroquois) represent a tax of one-half per cent on retail sales in the municipalities and parts of counties not in municipalities.

Gross collections for cities and villages were reduced by \$183,408 -- the state's four per cent administration cost. Gross collections from counties were reduced by \$15,984 -- the state's six per cent administration cost.

To date, 1,118 municipalities and 53 counties have adopted the one-half per cent tax.

Villages and cities in the area count on the half-cent sales tax as a major portion of their income now. Amounts due these places on the September tax liability are:

Tinley Park, . . . \$2,911. New Lenox, . . . 1,812. Orland Park, . . . 1,263. Frankfort, . . . 963. Mokena, . . . 794. Manhattan, . . . 436. Peotone, . . . 1,144. Lockport, . . . 3,386. Lemont, . . . 2,274. Country Club Hills, . . . 44. Midlothian, . . . 2,672. Markham, . . . 1,891. Oak Lawn, . . . 14,497. Oak Forest, . . . 11,407. Evergreen Pk., . . . 17,168. First Baby To Get Prizes

Who will be the first baby to greet the new year from Frankfort, New Lenox, Green Garden and Orland townships?

The first youngster of parents who call this area home will receive numerous gifts from various merchants whose advertisements to that effect appear in this issue.

Notice of the birth must be turned in to this paper by noon, Tuesday, Jan. 3.

Describe Jr. College Survey Plan

How the survey committee is set up to study the organization of a community junior college district serving the Southwest Suburban Conference area plus Argo is outlined by the leaders.

Under the leadership of Prof. Merle R. Sumption, U. of I., and his team of skilled professional people, the survey is organized as follows:

First, a steering committee has been organized composed of representatives of Argo, Reavis, Oak Lawn, Evergreen Park, Carl Sandburg, Blue Island, Bremen, Rich, Homewood-Flossmoor and Lincolnway. The functions of this committee are: to work with the university consultants in the conduct of this survey, to report to their home districts, to bring information from their districts to the committee, and to report the progress of individual sub-committee meetings during general session meetings.

Each high school district has been asked to select five local people to form this committee. The over-all committee has been divided into five sub-committees, each consisting of one person from each district. By this means each high school superintendent and his Board have an over-all picture of the progress of the study.

The five sub-committees, their consultants and members are as follows: (1) population, headed by Prof. Martin Bartels; (2) finance, led by Dr. Ralph Belnap; (3) buildings and sites, under the guidance of Dr. Basil Castaldi; (4) curriculum, with Professor Ray Karnes and Dr. Eric Johnson, co-leaders; and (5) public relations and information, under the tutelage of Mrs. Arthur Engstrom.

The Democrats have not said yet how they will select their candidates for justices of the peace but indications are they will follow their usual system of picking a slate at a party caucus.

Persons who take out Republican petitions for justices of the peace will pay a fee of \$50

JP Candidates Must File Petitions By Next Wednesday

Persons who would become candidates for justice of the peace on the Republican ticket must file their petitions by next Wednesday, Jan. 4. Petitions must be filed with caucus chairmen.

In the case of candidates from this area the chairman is Attorney Albert H. Krusemark, of Frankfort, who maintains a law office in Joliet. Ralph Morgan, who operates a book store on Clinton street, in Joliet, is secretary. The district is comprised of New Lenox, Frankfort, Joliet and Troy townships.

This action is being taken under a new law covering the election of justices of the peace. Formerly each township in a county elected its own JPs and the number varied. Joliet township, for instance, elected five and as many constables. While Joliet had five JPs there was really only enough work for two. The other three performed a marriage now and then, collected bills or simply forgot about it.

Under the new law which is effective now for the first time, the number of justices has been greatly reduced and listed as more important is the fact that JPs will now be on an annual salary paid by the county. In the past a JP had to depend upon fees. It was pointed out by critics of the system that with the justices on a fee basis a defendant was in the same position as would be a ballplayer who had three strikes on him the moment he arrived at the plate.

The county will also furnish the justices with offices, utilities and secretaries. There will be seven JPs elected in Will County, three from this district.

The law limiting JPs has been nothing to do with the election of police magistrates. The only change concerning police magistrates is that the city or village in which they serve shall put them on a regular salary.

In most of the smaller communities where police magistrates are elected they serve on a fee basis.

The Democrats have not said yet how they will select their candidates for justices of the peace but indications are they will follow their usual system of picking a slate at a party caucus.

Persons who take out Republican petitions for justices of the peace will pay a fee of \$50

Plan Style Show At CS

The Home Economics department of Sandburg High will put on a style show at the school Jan. 15. The show will be put on in the afternoon between 3 and 5 o'clock.

The Project is under the supervision of the Home Economics department chairman, Mrs. Hilda Guethler. The sponsors of the show are Mrs. Patricia Cote and Mrs. Jane Page, both of the Home Economics department. Dresses are the product of the girls and represent some of the finest efforts since the beginning of the school year.

The Style Show Committee chairman is Miss Elaine Yunker, junior; other members of the committee are, Jane Wheeler, Dee Lee Lechl, and Cathy Counts.

Refreshments will be served after the Show by the members of the Cooking classes.

Low Temperatures Break School Sprinkler System

Quick thinking and an improvised bucket brigade by members of the Frankfort school board last Saturday prevented extensive water damage to the school building when frozen sprinkler pipes burst. Water estimated at a depth of six inches flooded the corridors of the first floor, but was mopped up by the board members before any damage could be done.

The leak was discovered Saturday morning by carpenters working in the building. Water damage was confined to the

ceiling and walls of the eighth grade room, principals office, boys laboratory and girls laboratory and third grade room. After repairs were completed and water pressure was being tested a second leak appeared in the attic causing some damage to the 4th grade classroom.

Estimate of the damage can not be determined until after an appraisal is made by the insurance company representing the installers of the equipment who guaranteed it against freezing, when it was installed a year ago.

March Of Dimes, Palsy Campaigns Open In January

Beginning January 2 and thru out the month millions of Americans will enlist in the annual offensive to prevent crippling diseases by joining the 1961 March of Dimes and Annual United Cerebral Palsy.

Climaxing the March of Dimes will be the Mother's March, held on the evening of Tuesday, Jan. 31 in most areas, during which time they will make a house to house canvass asking support to help prevent

crippling diseases.

Community Chairmen for United Cerebral Palsy announce the Kick-Off meeting for the drive will be held, Thursday, Dec. 29. The drive will be highlighted by the 53-Minute March, Sunday, Jan. 15 from 1 to 4 p.m. with a house to house canvass. The Cerebral Palsy operates summer day camps, adult recreation groups and children's centers thru out the Chicago area.

NI Gas Co. Is Offering Scholarship

Northern Illinois Gas Company is offering a full-tuition scholarship for four years study at the Illinois Institute of Technology for a northern Illinois male graduating high school senior.

Candidates for the scholarship must live in the Company's 20-county service territory and be in the top 15 percent of their class. Relatives of NI-Gas employees are not eligible.

The scholarship is for the Gas Technology option in Chemical or Mechanical Engineering at IIT.

It includes summer employ-

ment with the utility for three years prior to graduation.

Purpose of the scholarship is to prepare men for work in the gas industry. This is the first year NI-Gas has offered the scholarship. It is sponsored in conjunction with the Institute of Gas Technology.

All high school principals and counselors in NI-Gas' service area have application blanks and further information about the scholarship. Deadline for submission of applications in January 15.

Lions Clubs Distribute Yule Baskets

The New Lenox Lions club distributed 23 baskets of food and toys on Christmas. The Frankfort club aided two families and the Mokena Lions three.

Frankfort Lions are to pick up discarded Christmas trees the night of Jan. 6. People are asked to leave the trees by curb. No date has been fixed yet for similar service at Mokena.

Warden Joseph E. Ragen is to give an illustrated talk concerning prison life at a meeting of the Mokena Lions Thursday night, Jan. 5, at the Ritt restaurant, Frankfort.

SERVICES

New Lenox Bible church will communion in conjunction with watch night services Saturday night from 10 to 12 o'clock. The Frankfort Methodist church will have Holy Communion Sunday at the 10:30 a.m. service.

Private services were held from the Drake Funeral Chapel, Chicago, Saturday, Dec. 24 for Howard F. Koerning, 61 years old, who passed away at his home Thursday.

Mr. Koerning and his family lived in New Lenox for many years; moving to Florida and then Chicago three years ago. He was employed as a stereotypographer for the Chicago newspapers.

He served overseas with World War I and was a member of the New Lenox Methodist church.

Surviving are his wife, Ida; two sons, Robert and Frederick and one brother Lloyd all of Chicago.

L-W Host At Holiday Tournament

The Lincoln-Way holiday basketball tournament has been scheduled for this week. Tournament entrants are Bradley, Manteno, Mokena, Grant Park, Thornton Fractional North, Lemont, and Lincoln-Way.

Lincoln-Way is the favored team in the tournament, which was to have begun yesterday (Wednesday). The semi-final games and the first games of the consolation round have been scheduled for today.

Today's games will begin at 3:00. There will also be a game at 5:00, 7:00, and 9:00 p.m. The final games will take place tomorrow. The consolation game will be played at 7:00 p.m. and the championship game begins at 9:00 p.m.

Local fans are hoping that the Knights will take their own trophy. If they are to do this, they will probably have to beat Thornton Fractional North, Bradley, and Grant Park, who are favored in their respective games.

Either Grant Park or Mokena will play Manteno or Braidwood and Lemont or Bradley will meet Lincoln-Way or Fractional North. The seventh game is set for 7 tonight (Thursday) and the eighth game an hour later. On Friday night the consolation game is scheduled for 7 o'clock to be followed by the tourney finals.

Lincoln-Way Home Ec. Dept. Expounds On Meat Cookery

Meat is probably the most important food on your table today. Besides providing the necessary protein that your family needs to stay well and strong, meat makes the meal. Meat is chosen first; then the other foods that go with it are planned. Although meat is one of the most expensive foods in our diet, the wise homemaker realizes its importance and inexpensive cuts when properly prepared are both nutritious and appetizing.

The first step on preparing meat is deciding how much meat to buy. In general, plan to serve:

- a. Boneless meat 1/4 pound per average serving
- b. Bone-in-meat - 1/2 pound per average serving
- c. Bony meat (poultry, spare-ribs, etc.) 1 pound per average serving

Next a knowledge of tenderness is important. Bone shapes give a good indication of tenderness in beef, veal, pork, and lamb. T-bone, rib bone, wedge bone, and round bone (with the exception of beef) indicate tenderness while the blade bone and the round bone in beef suggest less tender cuts of meat.

Now that the homemaker has purchased her meat, let us examine briefly the methods of preparation. Dry heat cookery is usually used for tender cuts of meat. Roasting and broiling are two dry heat methods. To roast meat, place the roast, fat side up, on a rack in an open, shallow pan. Do not add water or cover. Insert a meat thermometer or

use a roasting schedule in your favorite cookbook. Roast in a slow oven (325 degrees F.). Do not sear roasts.

There are two methods of broiling, oven and pan. Oven broiling is used for meat 1" to 2" thick while pan broiling is used for thinner slices of meat. To oven broil, slash the edges of the fat on steak or chops in several places to prevent curling. Place the meat on the broiling rack located about 3 to 5 inches from the source of heat. Consult a broiling schedule for approximate minutes per side for desired degree of doneness. Turn once, and season before serving. To pan-broil, rub a heavy skillet very lightly with fat. Brown the meat on one side, and turn and brown on the other side. Reduce heat turning meat as needed to cook and brown evenly. Use no cover or water. Season before serving.

Braising and water cooking are moist heat methods of cookery used for the less tender cuts of meat. In braising, the meat is seasoned and dipped in flour. Then it is browned in a small amount of hot fat. The meat is covered and cooked slowly on top of the range or in a moderate oven (350 degrees F.) until fork tender in juices from the meat or in a small amount of added liquid (water, milk, cream, tomato juice, or soup). In water cooking the meat is covered with water and simmered (not boiled) until fork tender.

In summary, there are two basic methods of meat cookery, dry heat methods and moist heat methods. Roasting and broiling, the dry heat methods, are used for tender cuts, while the moist heat methods, braising and water cooking, are suitable for the less tender cuts of meat.

L-W Teachers Contribute To Scholarship

A \$75 Future Teacher's scholarship has been made available by the Lincoln-Way Teacher's Association for Lincoln-Way community high school students planning a future in elementary or high school teaching.

Don D'Amico, assistant principal at Lincoln-Way, stated: "The F.T.A. at Lincoln-Way is not just another organization, but a group of sincere students," and added, "I am very pleased to note this forward step by the Lincoln-Way Teacher's Association."

The Lincoln-Way Area Teacher's Association will provide \$50 of the scholarship and the Northeastern Division of I.E.A. will contribute \$25 toward the program.

Eighty teachers were in attendance at the meeting in the Carpenter Street School in Mokena last week.

Mr. D'Amico also outlined some new procedures for the Step-Up Day at Lincoln-Way. One important change in the procedure is administering the usual tests in the local grade school instead of the high school.

"Some people's idea of celebrating the holidays is to have a Christmas they'll never forget and a New Year's Eve they can't remember,"—Maurice Seitter.

NI-Gas Has Program For Architects, Engineers

Northern Illinois Gas Company is intensifying its information program for area architects and mechanical engineers, according to H. A. Diekmann, NI-Gas vice-president of sales.

The program is designed to keep architects and mechanical engineers abreast of new equipment and appliances in the industry, developments in the heating and air conditioning field, and NI-Gas service specifications.

It also provides architects and mechanical engineers with a channel through which they can better coordinate and resolve their service activities related to the company.

Initiated about two years ago,

the information program has proved so successful the utility now has two architect representatives and is expanding its activities in this area.

To launch the intensified program, NI-Gas recently held a meeting on air conditioning developments. About 140 architects and mechanical engineers attended.

Diekmann said Illinois Commerce Commission approval of NI-Gas' plan to make natural gas for space heating available for all new and existing buildings and greater supplies of natural gas obtained by the company this year have spurred the expansion of the program.

Happy New Year!

Sunday will mark the beginning of a new year and editors and slogan makers who put off things until the last minute are working like mad now to meet the deadline for predictions and sayings.

Custom and tradition impell us to go along with the act but unfortunately we have misplaced or lost our crystal ball and find that all of the better oracles have closed for repairs or gone south for the winter so any forecasts made here relative to expectations for 1961 are strictly by ear and any resemblance to facts is purely coincidental.

Economists, bankers, business tycoons, columnists and writers dealing with finance and business have systems, they will tell you, which enable them to forecast future trends with a fair degree of accuracy.

Horse players, handicappers, sports writers who pick the finish for major league baseball teams about the time the training camps open in February, and roulette players, have systems too.

The lads who compile the actuarial tables for the insurance companies are in a different category. They are in the same boat with the handicappers who figure the odds for the morning line on the various race entries each day. One of them once summed up their systems for us—all people arrive at the same conclusion from the same source, past performances.

So if one says 1961 will see a gradual upswing in business, with seasonal soft spots marking the economic climate. There will be an increase in unemployment which will be offset to a considerable extent by demand for more workers during the course of the year. On the labor front there will be demands for wage increases and probably some strikes. Trading on the stock market will be marked by periods of selling countered by periods of buying.

There will be many periods in 1961 in which those with capital and experience can make a lot of money. There will also be times during the year when people can lose money, especially those working on a shoestring and are already nervous because of need.

1961 will be a good year for those who have good judgement but a rough one for those who lack it.

There is one thing, however, that is a lead pipe, living cinch—Kruschev & Co. will continue to lie, spread communistic propaganda, and make trouble for the free world. One can always count on the Russians doing their worst.

Cold war tensions will continue but it is not likely there will be a hot war for the simple reason that while a sneak attack probably would wipe us out we have enough stuff cooking to also wipe out the attacker. In fact there would be so little world left that it wouldn't be worth fighting for.

There is another thing we can count on in 1961 -- continued high spending by the government and continued high taxes.

The slogan makers should be able to go to town with "sixty-one" because it rhymes with so many things --plumb, bum, rum, sum or some, sun (if you are space minded,) gun (if you like westerns), run and gum to name a few.

The best advice we can give is -- don't worry: live one day at a time.
Happy New Year.

On Second Thot

By GLENN F. LOGAN

All things to all season, Jefferson Throtlebottom, moocher deluxe and author on bourbon, had somewhat of the appearance of a cross between a character out of Dickens and figure from a Currier & Ives etching, when he came striding into the office yesterday.

One couldn't call his outer garment less than a great coat. It was open and the ends of a long muffler hung down over a red and black striped vest. He also was wearing one of those dark coats usually associated with homburgs and gray trousers. Jeff's were not gray, however, but a sort of light sand. And he had a hat that could only have come directly from a Christmas card.

Congratulations were offered on the ensemble, Jeff waved them aside.

"Perhaps a bit on the show side," he said, "but practical too. I would warrant there are few doors that would not be opened to me if I knocked," he went on modestly, "especially if the people are of a convivial nature, and you may be sure that I would pick my places."

Jeff deplored the fact that New Year's calls are no longer customary. There was a time when an individual, couple or even group, set out New Year's afternoon to call at the homes of friends and wish them good luck and prosperity.

That was before the days of bowl football games, radio, TV and other entertainment came to take precedent over social relationships and the art of conversation.

New Year's calls were not to be confused with bacchanalian revels also if the route were long enough and one were not an abstainer he could amass quite a mixture of eggnog, sherry, sherry flip, tom and Jerry, buttermilk, and here and there a nip of rye or bourbon.

Fortunately for everyone concerned such calls were usually paid on foot or in a horsedrawn carriage so there were few accidents. Most of the horses started sober, Jeff pointed out.

Today most of the celebrating falls on New Year's Eve, and New Year's day is used as a rest period.

Jeff explained that he has numerous Scot friends and he expects to get in his licks at first-footing. The Scots put quite a store by New Year's as the first callers to cross the threshold on the new year may have considerably to do with the luck and prosperity of the household visited.

"Red haired women were not desired as first callers," Jeff explained. "A man, preferably one classified as tall, dark and handsome, was much in demand and some such are known to have hired out to be the first guest. By hurrying such a businessman could be the first visitor at quite a few homes. I expect to accomplish a similar mission come midnight Saturday."

"This first-footing is nice work," Jeff went on. "It is light and one can meet some very congenial people in the course of an evening, including red haired women."

"I should explain," he continued, "there is no bar against redheads so long as they are not the first to cross a threshold. As a matter of fact it has been my experience that a red-head or two can add zest to a party. Whether they are bad luck or not depends on other factors."

Jeff added that it was his opinion that the worst luck that could befall anyone opening his doors to first-footers would be for someone to bring a haggis.

"The only thing worse," Jeff went on, "would be to eat a haggis, altho thru some means the haggis has gained a reputation as a dish that carries the Scottish colors, so to speak, and is considered a delicacy by Scots."

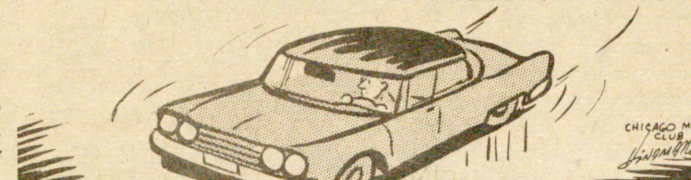

"I read in the papers now and then about the traditional haggis being served at some Scots affair, altho I must confess there is never anything in such articles to show that anything happens to a haggis other than it is served."

"I have known many Scots in my day, complete with built-in burr, but I have never met one yet who has eaten haggis. I suppose someone has, back in the days of derring-do, when men didn't care so much what they ate so long as it was filling."

"The haggis," Jeff continued, "is made of the heart, lungs and liver of a sheep, mixed with suet and oatmeal, all of which is crammed into a sheep's stomach and the mess is then dropped into a pot of water and boiled. As James Durante puts it—

The extension staff, along with a committee of vegetable growers, recently made plans for the annual vegetable growers school. This is a one-day school, conducted to assist the growers with their production and marketing problems. Outstanding speakers are selected to present the various topics at the meeting. Our thanks to the following vegetable growers for contributing their time and ideas in the planning of this year's vegetable school: John DeJong, Lansing; Herb Pals, So. Holland; Minno Wiersma, Cornelius Rietveld, Cornelius Verduin, Chicago Heights, Date and location for the school will be published later. All vegetable growers are invited to attend.

I talked with Mike Britton, University of Illinois College of Agriculture plant pathologist, about the incident of corn stalk rot in Illinois. A number of farmers have told me they have had serious problems with stalk rot this year. I have been in a number of fields which showed a substantial yield reduction, both from loss of grain due to the disease organism as well as corn that has fallen down due to the weakness in the stalk. Mike says this is our most serious corn production problem. It is worse after a siege of northern corn blight. The disease will also be aggravated by a large amount of nitrogen if the phosphate level is low.

The Upper Room

Read Romans 12:4-14

Ye are the light of the world. A city that is set on an hill cannot be hid. When the Scottish author and poet Robert Louis Stevenson was a small boy, he enjoyed watching the lamplighter go up and down the city streets at dusk lighting the lamps. Finding him especially quiet one evening, his nurse called out to ask what he was doing. His reply was, "I'm watching a man make holes in the darkness."

The world is waiting for Christian men and women to make holes in the spiritual darkness. Much needs to be done to relieve the world's misery. There are the hungry to be fed, the naked to be clothed, the orphaned children to be loved and cared for. There is the story of Christ and His saving power to be told to the nations. We Christians must use our time and our God-given talents in building a better world, thus helping to make holes in the spiritual darkness that is all about us.

PRAYER: Our heavenly Father, show us what we can do to bring light to a darkened world. May we not rest until the farthest corner shines with the light of Christ and all men reverence Thee and devoutly pray, as Jesus taught us, "Our Father who art in heaven... Amen."

Welcome New Family To Community

MRS. WALTER PLUMLY
Tel. Mokena 5701

We have a new family to introduce this week and they, in turn, have someone new to introduce; Richard and Shirley Boothe are residing at 9501 W. Elm Avenue with Dickie Paul, 2, Wendy, 16 months and a brand new daughter, Beth Ann who arrived at Silver Cross Hospital on December 14th weighing eight lb. four oz. The

chairman will be Mrs. Ralph Albers. Hostesses will be Mrs. Alva Smith and Mrs. Merle Otto.

The afternoon circle will meet Thursday, Jan. 5 at 1:15 p.m. The program chairman, Mrs. Wendell Morrison, will present the topic "Looking Backward-Thinking Forward". Hostesses for dessert - coffee are Mrs. Arthur Bauch and Mrs. Katharine Heisner.

Eighty guests attended the Christmas Coffee hour last Sunday in the home of Dr. and Mrs. Irving Rudman. The event was held by the members of the SPC and Civic Forum groups, whose committee assisted Mrs. Rudman during the afternoon. Mrs. Arthur Lambrecht returned Wednesday from Silver Cross hospital where she underwent surgery.

Booths came here from Tinley Park, he is with Martin Implement Company in Orland Park.

Mrs. Frank Blank, 9424 W. Elm Ave, has returned home from the hospital and is feeling much better.

Mr. and Mrs. Theodore Rydell and Miss Bonnie Jean Rydell, 9546 West Hickory, entertained with Smorgasbord at their home at midnight Christmas Eve. This was an old family tradition at their home on 192nd Street and they hope to continue the custom at their new home.

The Robert Dickerson family of 9528 West Hickory spent Christmas weekend in their home town of Detroit, Mich. visiting with both his and her parents.

Mr. and Mrs. Arthur Fife and children of 9431 West Birch had as Christmas Day guests Mr. and Mrs. Arthur Fife, Jr., Arthur and Elizabeth Ann of Chicago.

Mr. and Mrs. John Hayden and family, 9436 West Pine, enjoyed a traditional Polish Christmas Eve celebration at the home of his grandmother, Mrs. Andrew Kaluva, Chicago and on Christmas Day entertained her aunt and uncle, Mr. and Mrs. Rupert Naslund and grandmother, Mrs. Louis Schroeder, of Chicago. Medinah, Illinois was the des-

tination of Mr. and Mrs. Joseph Karkos, Jr., Vaughn, Janice and Kevin, 9449 West Hickory. They spent the day with his brother and family, Mr. and Mrs. Thomas Karkos.

Mr. and Mrs. Hyman and children, 9437 West Pine, had as guests on Christmas Day Mr. Kronick's mother, brother, and sister, Mrs. Harry Kronick, Mr. and Mrs. David Kronick and Mr. and Mrs. Joseph Horvath all of Chicago.

Arriving from Hawthorne, California to spend the holidays with Mr. and Mrs. Richard Mansell and Richard Jr., 9507 West Elm, were Mrs. Mansell's brother and family Frank and Caroline Bilek and eight months old David John - the Mansell's had not before met Caroline and David John so this made the holidays more special for them all.

We, the Walter Plumly family, joined with the Archie Estes and the Marvin Rognlie families in a progressive dinner on Christmas Day, starting with appetizers at the Estes home at 19345 S. Oak, progressing to our home, 19333 S. Oak, for the main course and then to the Rognlie home at 9534 W. Hickory for dessert. This made a very enjoyable day for three families who are all away from home and family!

Treat 130 Patients In
Year At Sunny Hill San.

The annual report of Sunny
Hill Sanatorium at Joliet for the
past fiscal year released by the
Sanatorium board of trustees
reveals that 130 patients were
treated at the institution during
the report period, Sept. 1, 1959-
Sept. 1, 1960. In the foreward
Sept. 1, 1960. In the foreward
to the annual report, the trust-
tees point out that the death
rate from tuberculosis in Will
county is at an all time low. The
rate, which was based on the old
census figures of the county, is
3.4 per one hundred thousand.
Of the six deaths which occur-
red in the institution, only three
were from tuberculosis and two
of those deaths were complicat-
ed by heart disease. There
were no deaths to patients under
the age of 50 years.

Mosquito Abatement Dist.
Board Elects Officers

The annual election of offi-
cers of The South Cook County
Mosquito Abatement District
was held on Dec. 12, at the dis-
trict's headquarters in Harvey,
James N. Lesparre, comptroller
of the Pullman bank was
named to a second term as pre-
sident of the board of trustees.
John R. Walsh, Jr., a paper
company executive, was elected
first vice-president and assis-
tant secretary, and detergent
manufacturer, Ralph F. Haag
was named second vice presi-
dent and assistant secretary.
Associate curator of insects at
the Natural History Museum,
Henry Dybas, was re-named
secretary, and sales manage-
ment executive Clarence Bobbe
retained his post as treasurer.
The members of the board
serve without pay and hold for-
mal public meetings on the sec-
ond Monday of each month at the
headquarters building located at
155th and Dixie Highway in Har-
vey. Frequently the trustees
participate in field trips to var-
ious parts of the district to in-
spect field operations and eval-
uate specific problems.
The district is entirely tax
supported with the average prop-
erty owner contributing about
\$2.50 per year, it was stated.
As soon as most tax money is
received it is invested in gov-
ernment bonds which are re-
deemed thruout the years as
funds are required. The busi-
ness transactions of the dis-
trict receive a complete audit
once a month by a certified
public accountant on the staff of
an auditing firm. In addition,
an annual audit and complete
physical inventory are per-
formed.
At the present time the per-
sonnel of the district are en-
gaged in that phase of their winter
program which consists of lo-
cating new sources of mosquito
production. Samples of soil
from suspected breeding sites
are placed in an ingenious
machine that separates mos-
quito eggs from the other ma-
terial. When a source is de-
termined to be positive it is
placed on the list of known
breeding sites and schedules for
"pre-hatch" treatment during
the months of February and
March. The "pre-hatch" treat-
ment gives the district a few
steps advantage on the bugs for
the next season.
Dr. Robert Hedeon, entomol-
ogist-manager, states empha-
sis is being placed this year on
urban sites. The district does
not engage in so-called fogging
or smoking operations except in
case of extreme emergency
such as an outbreak of mos-
quito-borne disease. Hedeon
states this type of operation only
offers temporary relief as mos-
quitoes frequently reinfest an
area in a few hours, and the op-

ORDINANCE NO. 89

AN ORDINANCE creating the issue of \$50,000 Sewer Revenue Bonds of the Village of New Lenox, Will County, Illinois, and providing for the delivery and payment thereof.

WHEREAS, the Village of New Lenox, Will County, Illinois is now constructing a revenue producing public utility, a Sewerage Collection and Disposal System; and

WHEREAS, it is in the public interest and necessity at the present time to construct certain improvements and extension thereto; and

WHEREAS, it is further determined that the income and revenues to be derived from the operation of said Sewerage Collection and Disposal System are adequate to provide for the payment of certain Revenue Bonds of said Village now outstanding and to provide for the payment of the new Bonds so proposed to be issued;

NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of New Lenox, Will County, Illinois, as follows:

SECTION 1: That for the purpose of this Ordinance, the following words, terms and phrases shall have the following meanings:

(a) Village of New Lenox is hereafter designated the "Village".

(b) The governing body of said Village, consisting of the President and Board of Trustees, is hereafter sometimes designated the "Village Board".

(c) The words "Sewerage Collection and Treatment System," "Sewer System," and "System" shall include all of the properties and facilities of the complete Sewerage Collection and Treatment System of said Village, whether lying within or without the boundaries of said Village as now existing, and as they may hereafter be improved or extended while any of the Bonds herein authorized remain outstanding; all improvements, additions and extensions thereto or replacements thereof hereafter constructed or otherwise; and all contracts, rights, agreements, leases and franchises of every nature owned by said Village and used or useful or held for use in the operation of the System, or any part or portion thereof.

(d) The word "Revenues" shall mean and include all income, monies and receipts to be recovered directly or indirectly from the continued use and operation of the System, including without limiting the generality of the foregoing, interest received on and profits realized from the sale of investments made with monies of the System.

(e) The phrase "Current Expenses" shall mean all costs reasonably incurred in connection with the continued operation and maintenance of the System, including repairs (other than capital improvements) necessary to keep the System in efficient and economical operating condition, including the payments of premiums for insurance hereafter required to be carried on the System and generally all expenses (exclusive of depreciation) which under good accounting practice are properly chargeable to and are reasonable and necessary to the efficient maintenance and operation of the System and including one-twelfth (1/12) of all such expenses computed on an annual basis.

(f) The term "Net Revenues" shall mean that portion of the Revenues remaining after pro-

viding sufficient funds for the Current Expenses of the System as defined in Section 1(e) hereof.

(g) The term "Fiscal Year" shall mean the period commencing July 1 and ending the last day of June of each succeeding calendar year.

(h) The phrase "Prior Lien Bonds" shall mean the \$350,000 Sewer Revenue Bonds dated July 1, 1960, authorized by Ordinance adopted the 7th day of June 1960, as any Bonds of said authorized issue may be outstanding and unpaid from time to time.

(i) The word "Bonds" shall mean each of the \$50,000 principal amount of Bonds authorized under the terms of this Ordinance.

SECTION 2: That the period of usefulness of said System is hereby determined to be forty (40) years from the date of the Bonds herein authorized and for the purpose of providing funds to pay the cost of constructing certain improvements and extensions to the System, together with all proper expenses in connection therewith, in accordance with the engineering report and supporting data of Baxter and Woodman, Consulting Engineers, Crystal Lake, Illinois, including the following:

Extension	Estimated Cost
1. Maple Lane Extension 357 feet North on Cedar Road and West 900 feet on Maple Lane \$7,000.00

7. Deficiency of Federal Grant to complete Sewerage Treatment Plant 20,000.00	
Total 50,000.00	

together with all necessary appurtenances and equipment in order to integrate said improvements and extensions into the existing System, at an estimated cost of \$50,000, there be and there is hereby issued Bonds of said Village to be designated by purchase, contract or signed "Sewerage Revenue Bonds, Second Series," in the principal amount of \$50,000.

Said Bonds shall be dated January 1, 1961, shall be of the denomination of \$500.00 each, numbered from A-1 to A-100, and shall bear interest until paid at the rate of Six (6) Per Cent per annum, which such interest shall be evidenced by interest coupons to be attached to said Bonds, and shall be payable July 1, 1961 and semi-annually thereafter on the 1st day of January and July of each year, and both the principal of and interest on said Bonds shall be payable in lawful money of the United States of America at the New Lenox State Bank, New Lenox, Illinois.

Said Bonds shall be expressed to mature on January 1, 1966, subject to the right of said Village to redeem said Bonds prior to their maturity at the option of said Village only through the use of Revenues from the operation of its Sewerage Collection and Treatment System on any interest payment date on or after July 1, 1961, as a whole and if less than all are called, then in inverse numerical order, at the principal amount of Bonds to be redeemed, together with the unpaid interest accrued thereon to the date fixed for prior redemption. The redemption of said Bonds shall be subject to the provisions of Section 7 hereof, except as herein otherwise provided.

Notice of redemption of said Bonds shall be given by the Village and shall specify the number or numbers of the Bond or Bonds to be called for prior redemption and the terms of and date and place of redemption, and shall be given by registered mail to the registered holder thereof at the address shown on the Registrar's books, and by publication in a newspaper published in or having general circulation in the Village of New Lenox, Will County, Illinois, at least once not less than thirty (30) days prior to the date of redemption, and by filing similar notice with the paying agent of said Bonds at least thirty (30) days prior to the date fixed for redemption thereof. Said Bonds shall be redeemable at the office of the paying agent and upon the giving of such notice and providing funds for the redemption thereof, the interest shall cease on the Bonds called for redemption from and after the redemption date so specified.

This Bond is one of a series of \$50,000 principal amount of like date, tenor and effect, issued pursuant to the Constitution and Laws of the State of Illinois, including Article 60 of The Revised Cities and Villages Act and all laws amendatory thereto, and an Ordinance adopted by the President and Board of Trustees of said Village on the 21st day of December, 1960, for the purpose of providing funds to construct improvements and extensions to the Sewerage Collection and Treatment System in said Village.

SECTION 3: That said Bonds shall be signed by the Village

President and attested by the Village Clerk under the corporate seal of said Village, and the interest coupons to be there attached evidencing interest at the rate borne by the Bonds shall be signed by said Village President and Village Clerk by their facsimile signatures and said officers by the execution of said Bonds shall adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons.

SECTION 4: That said Bonds and coupons to be thereto attached shall be in substantially the following form:

(Form of Bond)
UNITED STATES OF AMERICA
STATE OF ILLINOIS
COUNTY OF WILL
VILLAGE OF NEW LENOX
SEWERAGE REVENUE BONDS
SECOND SERIES

Number A- \$500.00
KNOW ALL MEN BY THESE PRESENTS that the Village of New Lenox, Will County, Illinois, for value received, hereby promises to pay bearer, or if this Bond be registered as to principal, then to the registered holder hereof, as hereinafter recited, solely from the Revenues hereinafter specified upon the surrender of this Bond, the sum of Five Hundred (\$500.00) Dollars on the 1st day of January, 1966 (unless this Bond has been called for redemption prior thereto as hereinafter provided), with interest thereon at the rate of Six (6) Per Cent per annum from the date hereof until paid, payable July 1, 1961, and semi-annually thereafter on January 1 and July 1 of each year, which interest falling due hereon and prior to maturity is payable only upon presentation and surrender of the annexed interest coupons as they severally become due. Both principal hereof and interest hereon are hereby made payable at the New Lenox State Bank, New Lenox, Illinois, in lawful money of the United States of America.

Said Village reserves the right to redeem the Bonds of the issue of which this is one prior to their maturity at the option of said Village only through the use of Revenues derived from the operation of its Sewerage Collection and Treatment System, on any interest payment date on or after July 1, 1961, as a whole and if less than all are called, then in inverse numerical order at the principal amount of Bonds to be redeemed, together with the unpaid interest accrued thereon to the date fixed for prior redemption.

Notice of redemption of said Bonds shall be given by the Village and shall specify the number or numbers of the Bond or Bonds called for prior redemption and the terms and date and place of redemption, and shall be given by registered mail to the registered holder thereof at the address shown on the Registrar's books, and by publication in a newspaper published in or having general circulation in the Village of New Lenox, Will County, Illinois, at least once not less than thirty (30) days prior to the date of redemption, and by filing similar notice with the paying agent of said Bonds at least thirty (30) days prior to the date fixed for redemption thereof. Said Bonds shall be redeemable at the office of the paying agent and upon the giving of such notice and providing funds for the redemption thereof, the interest shall cease on the Bonds called for redemption from and after the redemption date so specified.

This Bond is one of a series of \$50,000 principal amount of like date, tenor and effect, issued pursuant to the Constitution and Laws of the State of Illinois, including Article 60 of The Revised Cities and Villages Act and all laws amendatory thereto, and an Ordinance adopted by the President and Board of Trustees of said Village on the 21st day of December, 1960, for the purpose of providing funds to construct improvements and extensions to the Sewerage Collection and Treatment System in said Village.

This Bond and the series to which it is one are payable solely as to principal and interest by said Village from the operation of its Sewerage Collection and Treatment System, subject to the prior payment of certain Sewer Revenue Bonds of said Village now outstanding, and subordinate to all of the terms and provisions for the security, payment and redemption thereof, and for a more complete statement of the Revenues with which and conditions under which this Bond and interest hereon are payable and the general covenants and provisions pursuant to which this Bond is issued, reference is hereby made to said Ordinance adopted the 21st day of December, 1960, and this Bond does not constitute any indebtedness of said Village within any constitutional or statutory limitation.

Said Village has agreed and is by law required to establish, maintain and collect rates, fees and charges for all services supplied by its Sewerage Collection and Treatment System fully sufficient to pay the reasonable cost of maintaining and operating said System, to pay the principal and interest on all obligations payable from the income and revenues derived therefrom, and to establish and maintain adequate reserves therefor.

This Bond is made fully negotiable by statute but may be registered as to principal only in the manner and with the effect for which provision appears on the back hereof.

It is hereby certified and recited that all acts, conditions and things required to be done, exist and be performed precedent to and in the issuance of this Bond in order to make it legal, valid and a binding obligation of the Village of New Lenox in accordance with its terms, have been done, exist and performed in regular and due time, form and manner as required by the Constitution of the State of Illinois.

IN WITNESS WHEREOF, the Village of New Lenox, Will County, Illinois, by its President and Board of Trustees, has caused this Bond to be signed by its President, its corporate seal to be hereunto affixed, and attested by the Village Clerk, and the coupons hereto attached to be signed by the facsimile signature of said President and said Village Clerk, which officials by the execution of this Bond do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this Bond to be dated the 1st day of January, 1961.

SECTION 5: That subject and subordinate to all contract rights vested in the holders of the Prior Lien Bonds to a prior claim on or pledged of the Revenues of the System under the terms of said Ordinance adopted the 7th day of June, 1960, as described in Section 1(h) hereof, the Net Revenues are hereby pledged to the payment of the principal of and the interest on the Bonds, and subject and subordinate to all such contract rights vested in holders of said Prior Lien Bonds, the Bonds shall be secured by a prior and paramount lien on and first pledged of the Net Revenues. All of the Bonds shall be equal and ratably secured by said pledge and lien without priority one over the other by reason of date of sale or delivery or otherwise.

SECTION 6: So long as any of the Bonds remain outstanding all of the Revenues shall from day to day as collected be deposited in a fund separate and apart from all other Village funds, which fund shall be known as the "Sewerage Revenue Fund," of the Village of New Lenox, Will County, Illinois, which shall be used only in paying the reasonable cost of operation and maintenance of said System, providing an adequate depreciation fund, paying the principal and interest on all Revenue Bonds of said Village which by their terms are payable solely from the Revenues derived from the operation of said Sewerage System of said Village, and to create the special accounts hereinafter provided.

SECTION 7: From the money in the Revenue Fund, there shall be first made from time to time during each fiscal year, all payments required to be made under the provisions of said Ordinance adopted on June 7, 1960, referred to in Section 1(h) herein, and such payments for current expense as may not be required to be made under the provisions of said Ordinance. That there are hereby created separate special accounts to be designated severally the "Second Series Bond and Interest Account," "Depreciation Account," and "Surplus Account," into which there shall be credited on the first business day of each month all monies held in the Sewerage Revenue Fund of said Village in accordance with the following provisions:

(a) There shall be credited to the Second Series Bond and Interest Account an amount equal to not less than one-tenth of the interest becoming due on the Bonds hereby authorized on the next succeeding interest payment date, and beginning January 1, 1965 an amount equal to not less than one-fifth hundredth of the principal becoming due on the next succeeding principal payment date of the Bonds hereby authorized, until there shall be accumulated in said Bond and Interest Account an amount to pay such interest of all Bonds issued and maturing by their terms on such current maturity date.

From and after the issuance of any of the Bonds hereby authorized, and upon receipt of the purchase price therefor, there shall be credited to the Second Series Bond and Interest Account all accrued interest derived from the sale of said Bonds.

All monies in said account shall be used only for the purpose of paying interest and principal on the outstanding Bonds of said Village which by their terms are payable from the Revenues of the Sewerage System. Funds sufficient to pay interest or principal, or both, of said Bonds, together with the fiscal agency fees, shall be transmitted to the paying agent not less than fifteen days prior to each current maturity date of either principal or interest, or both.

It is hereby determined that the minimum amounts to be set aside in the Second Series Bond and Interest Account in each fiscal year to be used for the purpose of paying the maturing principal of and interest accruing on the Revenue Bonds issued under the provisions of this Ordinance shall be as follows: Fiscal Year Ending Principal Last Day of June and Interest

1961	\$ 3,000.00
1962	3,000.00
1963	3,000.00
1964	3,000.00
1965	53,000.00

Payment into the Bond and Interest Account may be suspended in any fiscal year at such time as there shall be sufficient money in said account to pay principal and interest for the ensuing twelve months, but such payments shall against be resumed at the beginning of the new fiscal year. All monies in said account shall be used only for the purpose of paying interest and principal on the Bonds hereby authorized as the same shall become due, or on Bonds which may be hereafter issued and on a parity with the Bonds herein authorized.

(b) There shall be credited to the Depreciation Account the sum of \$70.00 each month until such account aggregates the sum of \$8400.00. After said account aggregates the sum of \$8400.00, no credits shall be made to said account, except that when any money is paid out of such account credits to said account shall be resumed and continued until such account has been restored to the aggregate amount of \$8400.00. The monies in said account shall be used to pay the cost of necessary repairs and replacements to the System necessitated by an emergency, for the payment of which no other funds are available, in order that said System may render efficient service. Each expenditure made from the Depreciation Account shall

be made only after certification by a consulting engineer employed for that purpose that an emergency exists, and that the expenditure is necessary to the continued effective operation of the Sewerage System.

(c) Any surplus funds then remaining after providing for all credits hereinabove listed in sub-paragraphs (a) and (b) shall be deposited in the Surplus Account to be used and held for use as follows:

(i) First, for the reimbursement at any time and from time to time of any account listed in sub-paragraphs (a) and (b) insofar as that is depleted by withdrawals:

(ii) Second, a sum of money equal to 50 per cent of the amounts so deposited in said Surplus Account each month remaining after any such reimbursement, shall be accumulated and shall be transferred at the end of each fiscal year to a Second Series Bond Redemption Fund, which is hereby created, to be used for the redemption of the Bonds herein authorized prior to their maturity, as and when any such Bonds by their terms are redeemable prior to maturity, and all Bonds so redeemed shall be cancelled; and,

(iii) Third, all money remaining in said Surplus Account in excess of 50 per cent of the amounts so deposited in said Second Series Bond Redemption Fund at the end of any fiscal year may be used or accumulated for the purpose of making improvements and extensions to said System or for the redemption of Bonds herein authorized prior to maturity as determined by the Resolution of the governing body of said municipality, and all sums of money to be used for the redemption of Bonds shall be transferred to said Second Series Redemption Fund.

That monies in each of the above created accounts shall be kept separate and apart from all other funds and monies of the Village and shall be deposited with the National Boulevard Bank of Chicago, in the City of Chicago, Illinois.

SECTION 8: That it is hereby covenanted and agreed that the Revenues of the Sewerage System are to be paid into the various special accounts hereinabove established and created in the order in which said accounts have been listed, and if within any period of time the Revenues are insufficient to place the required amounts in any of said accounts the deficiencies shall be made up the following period or periods after payments into all the accounts enjoying a Prior Claim of Revenues have been made in full.

SECTION 9: While the Bonds authorized hereunder or any of them remain outstanding or unpaid, rates charged for service of said System shall be sufficient at all times to pay the cost of operation and maintenance, to provide an adequate depreciation fund, and to pay the interest on and principal of all outstanding Revenue Bonds, including this issue. And there shall be charged against all users of said service, including the Village of New Lenox, such rates and amounts for service as shall be adequate to meet the requirements of this section. Compensation for services rendered the Village shall be charged against the Village and payment for the same from the Corporate Fund shall be made monthly into the Sewerage Revenue Fund created by this Ordinance, in the same manner as other Revenues are required to be deposited.

SECTION 10: Any holder of a Bond or Bonds or any of the coupons of any Bond or Bonds issued hereunder may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of all duties required by this Ordinance, including the making and collecting of sufficient rates for service and application of income and revenue therefrom.

SECTION 11: It is hereby covenanted and agreed that while any Sewer Revenue Bonds issued hereunder are outstanding additional Revenue Bonds to share ratably and equally in the Revenues to be derived from the operation of said System shall not be issued unless and until it is shown by the earnings of said System that the Revenues derived from the System for the last preceding fiscal year prior to the date of the issuance of said additional Bonds were sufficient (1) to pay all cost of operation and maintenance of the system; (2) to credit the amounts required to be credited up to the date of said additional Bonds to the respective accounts (a) and (b), inclusive, of Sections 7 of this Ordinance; and (3) leave a balance equal to at least one hundred forty (140) per cent of the aggregate of the average annual principal and interest requirements on all Bonds of the issue herein authorized then outstanding and on the additional Revenue Bonds proposed to be issued.

In addition to the foregoing, if

prior to the payment of all the Bonds hereby authorized it shall be found desirable to refund part of the Bonds hereby authorized, said Bonds may be refunded (with the consent of the holders thereof unless the Bonds to be refunded are subject to redemption and provision for call and redemption thereof is duly made), any refunding Bonds so issued shall share ratably and equally in the Revenues of said Sewerage System and the pledge thereof under this Ordinance with the portion of the Bonds hereby authorized which are not refunded; provided further, that if less than all of such Bonds then outstanding are refunded in such manner that the interest rate is increased or the refunding Bonds mature at a date earlier than the maturity of any Bond refunded thereby, then such refunding Bonds shall not share ratably and equally in the Revenues of said System with the portion of the Bonds remaining outstanding authorized under this Ordinance, but in such case the lien of such refunding Bonds shall be junior and inferior to the lien of the Bonds herein authorized, provided that such refunding Bonds may share ratably and equally in the Revenues of said System if the holders of the Bonds not to be refunded consent in writing to the maturities and interest rate or rates of such proposed refunding Bonds.

SECTION 12: That the Village of New Lenox hereby covenants and agrees with the holder or holders of the Bonds herein proposed to be issued, or any of them, that it will punctually perform all duties with reference to said Sewerage System required by the Constitution and Laws of the State of Illinois, including the making and collecting of sufficient rates for service, and segregating the Revenues of said System and the application of the respective funds created by this Ordinance, and it hereby covenants and agrees not to sell, lease, loan, mortgage or in any manner dispose of said System, (except as provided in Section 11) including any and all extensions and improvements that may be made thereto, until all of the Bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provisions shall have been made for the payment of all such Bonds and interest thereon in full; and the Village further covenants and agrees with the holders of said Bonds to maintain in good condition and continuously operate said System and to maintain insurance on said properties of the same kind or kinds which would normally be maintained by other operators engaged in a similar type of business and payment of premiums on any such insurance shall be deemed an operation expense and paid from the Revenues of said System.

SECTION 13: Provisions of this Ordinance shall constitute a contract between the Village of New Lenox and the holders of the Bonds herein authorized to be issued, and after the issuance of the Bonds, no changes, additions or alterations of any kind shall be made hereto in any manner except in accordance with the provisions of this Ordinance, or until such time as all of said Bonds issued hereunder and the interest thereon shall be paid in full, or unless and until provision shall have been made for the payment of all such Bonds and interest thereon in full.

Any excess funds derived from the sale of said Bonds after completion of the improvements and extensions herein provided for may be used to pay the cost of additional improvements and extensions to the said Sewerage System, in accordance with plans and specifications prepared for that purpose and approved by the President and Board of Trustees of said Village at any time within three years from the date of completion of said improvements herein provided for. In the event said surplus funds are not used for additional improvements and extensions within three years from date of completion of the improvements herein provided for, then said surplus funds shall be placed in the Bond and Interest Account of the Sewerage Revenue Fund of the Village of New Lenox and applied to the payment of interest or principal of any of its outstanding Sewer Revenue Bonds or the redemption of said Bonds prior to maturity.

SECTION 14: That as soon after this Ordinance becomes effective as may be, said Bonds shall be executed as herein provided and be deposited with the Treasurer of said Village and said Sewer Revenue Bonds shall be by said Treasurer delivered to the individual purchasers thereof upon receipt of the purchase price therefor, the same being the price of par and accrued interest.

All proceeds derived from the sale and delivery of said Bonds shall be accounted for by said Treasurer as follows:

(A) All proceeds shall be deposited by the Treasurer in a special and separate account to be known and designated as the "Sewerage System Bond Construction Fund Account" and such deposit shall be made in the National Boulevard Bank of Chicago, in the City of Chicago, Illinois, as depository, to be secured in the manner, form and time as by law required, and all proceeds held in said Construction Fund Account shall be used and held for use solely to construct the improvements and extensions to the System of the municipality as hereinabove described in this Ordinance, and the beneficial interest to all monies held in said Construction Fund Account at the time of the original deposit therein and from time to time thereafter shall be in the holder or holders of the Bonds herein authorized, and all disbursements therefrom shall be made by the Treasurer of this municipality from time to time but only upon submission to him and said depository:

(a) A certificate by the engineer in responsible charge of the construction of said improvements and extensions stating the nature of the work completed and the amount due and payable therefor, and that sufficient funds remain to complete the construction thereof, bearing the endorsement and approval of the Village President and to be accompanied by,

(b) An order for payment upon said Treasurer signed by the President of the municipality and the Village Clerk, which order shall state specifically the purpose for which said order is issued; and the President of the municipality, the Village Clerk and the Village Treasurer are each hereby authorized and directed to execute and deliver to the National Boulevard Bank of Chicago, as depository, such certificates, proceedings and agreements as may be necessary or convenient to establish said Construction Fund Account herein created and to properly secure all proceeds thereof, and to evidence compliance therewith in the making of any withdrawals therefrom.

Within the sixty (60) days after completion of the construction of the improvements and extensions herein authorized, the municipality agrees to deliver to said depository an original counterpart of a certificate (herein called the Certificate of Completion) signed by the Village President and by the Village Treasurer, and having endorsed thereon the approval of the engineer in charge of such construction, stating that said improvements and extensions have been fully constructed and completed in accordance with the plans, maps, files and specifications therefor as recited in this Ordinance, and that the same have been fully paid for, or that funds sufficient to pay for the same remain in said Construction Fund Account, giving the date of final completion and the total cost of construction, and the amount, if any, of such construction cost then remaining unpaid, together with an original counterpart of the opinion of counsel for the municipality to the effect that all property, real, personal and mixed, connected with or forming a part of, or necessary to the operation of said System as completed is owned by the municipality and covered by the lien of this Ordinance, and upon receipt of such Certificate of Completion and opinion of counsel as mentioned, said depository, after retaining in said Construction Fund Account a sum sufficient to pay the balance of the construction cost remaining unpaid as shown by said Certificate of Completion, including any items then in controversy, shall deposit all monies then remaining with the paying agent for the said Bonds, in the Bond and Interest Account herein created.

SECTION 15: The Village of New Lenox covenants and agrees that so long as any of the Bonds herein authorized remain outstanding proper books and records and accounts will be kept by the Village of New Lenox separate and apart from all other records and accounts, showing correct and complete entries of all transactions of the Sewerage System, and that the holders of any of said Bonds or any duly authorized agent or agents of such holders shall have the right at any and all reasonable times to inspect the System and all property comprising the System. Said Village further covenants and agrees that it will within sixty (60) days following the close of each fiscal year cause an audit of such books and accounts to be made by an independent firm of certified public accountants, showing the receipts and disbursements for

and on account of the system, and that such audit will be available for inspection by the holders of any of the Bonds. Each such audit, in addition whatever matters may be thought proper by the accountant to be included therein, shall without limiting the generality of the foregoing, include the following:

(a) A statement in detail of the income and expenditures of the system for such fiscal year.

(b) A balance sheet as of the end of such fiscal year.

(c) The accountant's comment regarding the method in which the Village has carried out the requirements of this Ordinance, and the accountant's recommendations for any changes or improvements in the operation of the system.

(d) A list of all the insurance policies in force at the end of the fiscal year, setting out as to each policy the amount of the policy, the risks covered, the name of the insurer and the expiration date of the policy.

(e) The number of properties connected with the system at the end of the year.

All expenses incurred in the making of the audit required in this section shall be regarded and paid as a maintenance and operation expense, and it is further covenanted and agreed that a copy of each such audit shall be furnished to the holder of any of the Bonds at his request, and any holder of a Bond or Bonds authorized under this Ordinance shall have the right to discuss with the accountant making the audit the contents of the audit and to ask for any additional information he may reasonably require.

SECTION 16: If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

SECTION 17: The books of the Village Treasurer shall show the amount of monies received from the proceeds of the sale of said Bonds and the expenditure of such funds for the purpose set out in this Ordinance upon estimates and bills to be approved by the President and Board of Trustees, except as hereinafter otherwise provided.

SECTION 18: All Ordinances, Resolutions or Orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

SECTION 19: That within ten days after its passage by the Board of Trustees and the approval by the President of the Village, this Ordinance shall be published in the New Lenox Press, the same being a newspaper published in said Village and of general circulation within the Village of New Lenox and if no Petition is filed with the Village Clerk of said Village within ten days after the publication of this Ordinance, by 15 per cent of the number of voters voting for President at the last preceding general election requesting the submission to the voters of said Village of the proposition of constructing a sewerage treatment plant and a sanitary sewer system and issuing the Bonds herein provided for, then this Ordinance shall be in full force and effect.

PASSED by the President and Board of Trustees of the Village of New Lenox on the 21st day of December, A. D. 1960, and deposited and filed in the Office of the Village Clerk of said Village this 21st day of December, A. D. 1960.

Orland Park Hills News

MRS. RALPH EDDY
Tel. FI 9-0176

Christmas time is a busy time for everyone; one of the busiest people is Ralph Diletto of Hibiscus drive, who each year dons his Santa suit and visits the children in his neighborhood. After a friendly chat and a gift for each child he is off to another home bringing much cheer and happiness to each home he visits.

Mr. and Mrs. Charles Lynch and family spent Christmas Eve with Mr. Lynch's sister and family the John Taylors in Marquette Park. A family gift exchange was held with refreshments being served at the close of the evening.

The Richard Shimkus family had a busy Christmas; beginning Christmas eve, Mr. and Mrs. Shimkus entertained Mr. and Mrs. Joseph Burke of Evergreen Park, Mrs. Susan Gundel of Chicago and Mr. and Mrs. Frank Shimkus of Bridgeview. A family dinner was held Christmas day; Mr. and Mrs. Shimkus were hosts to Mr. and Mrs. Frank Shimkus of Bridgeview and Mrs. Anna Gecas of Chicago. In the evening they were guests of Mrs. Shimkus father, the Peter Schmitts of Hazelcrest.

Mr. and Mrs. Paul White, Mark and Dane motored to Detroit where they spent Christmas with Mr. Whites brother, the Don Whites.

Mr. and Mrs. Ralph Eddy and Mary Jo are spending the Christmas holidays with Mrs. Eddy's grandmother, Mrs. James Balcom in San Benito, Texas. Mr. Eddy plans to spend Christmas Day deep sea fishing in the Gulf, Mrs. Balcom recently celebrated her 91st birthday.

Christmas guests in the Tony Markov home were Mr. and Mrs. Randall Karando of Chicago.

Mrs. Francis Kuchta of Chicago spent the Christmas weekend with her daughter and family, the Arthur Osterlies of Hiawatha Trail.

James Scott and Jimmie are spending the holidays in Texas. Visitors in the Richard Lechowich home over the holidays are the McDonalds of Boston, Mass, who arrived December 17th for a visit with their daughter and family.

Mr. and Mrs. Edward Gail, 10222 Hibiscus Drive spent Christmas eve with Mrs. Gail's sister and family, the Joe Bartavis of Itasca, Ill.

Mr. and Mrs. Francis Simon, Carol, Judy and Patti enjoyed a Christmas dinner at the Mrs. Marion Simon home in La Grange.

Mrs. Aleta Musgrave 10110 Hiawatha Trail was pleasantly surprised Thursday Evening (22nd). Upon coming home from work she found her home filled with neighbors and friends who had planned a surprise birthday party for her.

Mrs. Vera Moorhouse of Huntington Ct. held a Christmas party in her home Thursday Morning, (22d) for the three, four, and five year old children in her neighborhood.

Knights Sweep Peotone Tourney

L-W Hands Lemont 1st Defeat In Gaining Peotone Title

BY BILL SLUIS
The Lincoln-Way Knights lengthened their string of consecutive victories to nine last week by winning the Crete-Monee Holiday basketball tournament. The Knights won the crown by whipping Beecher, Lemont, and Peotone.

"CUT IT OUT, FELLOWS," No. 45 of Peotone could have been saying at this juncture in the game between Peotone and Lincoln-Way in the finals of the Peotone holiday basketball tournament. "Quit making those baskets and let me have that ball." But the Knights are paying him no mind. Incidentally the Knights won the tournament.

In opening round games Peotone romped over St. Anne, Evergreen Park beat Oak Lawn, Lemont slipped past Crete-Monee, and Lincoln-Way dumped Beecher 56-41. Beecher put up a dogged fight, but were no match to Lincoln-Way. High scorer for Beecher was Bob Teske who garnered 18.

In semifinal games, both Peotone's Blue Devils and Lincoln-Way's Knights walked to easy victories. The Devils trounced the Evergreen Park Mustangs 68-46, with Al Vaniten scoring 40 points against the hapless Mustangs. Later that evening, Lincoln-Way knocked off the unbeaten Lemont Indians 56-36. Duane Warning of Lincoln-Way netted 21 marker and Skip Kruzich 19 for the victors. The Lincoln-Way Knights are now the only unbeaten team remaining in the Joliet area.

In the final game of the tournament, which was played on Friday night, the Knights of Lincoln-Way won an uphill battle over the Peotone Blue Devils. Lincoln-Way was behind through most of the first half but came back to tie and eventually take the lead.

The game began with Lincoln-Way taking the tip and scoring on a basket by Skip Kruzich. The Knights were on top or tied with Peotone for about six minutes, but then Peotone hit two quick baskets. At the end of the first quarter the Devils led 15-10.

In the second quarter Lincoln-Way led scoring 15-14, but the Knights were unable to close the gap sufficiently. At half time they were behind 29-25. It was the first time in nine games that Lincoln-Way was in arrears at half time.

It was "do or die" at the opening of the third quarter. Surprisingly, however, Peotone scored again and added a free throw by Fred Vaniten to take a seven point lead momentarily. Then the Knights fought back. Baskets by Al Waldvogel, Skip Kruzich, and Dan Fenn brought them scurrying back into the game. With 3:22 remaining in the third quarter Dan Fenn flipped in a layup to give Lincoln-Way a 37-36 lead. Moments later Fenn took a pass from Skip Kruzich and again laid it up. This made the uphill climb complete. At the end of the third quarter the game was tied 41-41.

The fourth quarter was 10 per cent Lincoln-Way. Ron Yunker dumped in nine points and Duane Warning four as the Knights played ball control for several minutes. At the conclusion the score was 60-52.

At game's end the trophies were presented. Third place went to Evergreen Park, who beat Lemont 49-48 for the trophy. Second, of course went to Peotone and first to the Lincoln-Way Knights.

Mokena Fives Break Even In 2 Home Tilts

Mokena grade school basketball teams broke even in two home games played last week. On Wednesday afternoon the Mokena heavyweights defeated Frankfort, 38 to 24, while the Frankfort ponies won 28 to 12.

On Thursday night (Dec. 22) New Lenox invade Mokena. The visiting heavyweights five wound up on the top end of a 31-26 score but the Mokena lightweight won 13 to 12.

The next home game at Mokena Carpenter street school will be Friday, Jan. 6, against teams from Troy consolidate school.

Rich Bows To L-W, 68-46 In SWS Conference Tilt

BY BILL SLUIS
On Tuesday of last week the Lincoln-Way Knights whipped the Rich Rockets 68-46. The victory enabled Lincoln-Way to retain their tie for the South-West Suburban Conference lead, which they are currently sharing with Homewood-Flossmoor.

The first quarter was close and Rich held the lead at the end 13-12. Lincoln-Way lowered the boom in the second period, however, and led at half time 32-18.

There was more of the same in the second half, and the final score was 68-46, Lincoln-Way's favor.

Skip Kruzich led scoring with 24 points, which tied his highest total of the season. Ron Yunker scored 18 for Lincoln-Way and Bob Aitken 21 for Rich.

Lincoln-Way won sweet revenge for two defeats suffered at Rich's hands last season. The second meeting between the two teams last year ended with Rich on top by only one point, and the Rich game was one of several goals marked on the Lincoln-Way schedule.

YMCA To Start Aquatic Program At CSHS Jan. 10

Starting date of two-eight week "first time" ventures in an aquatic program to be offered by the Palos-Orland YMCA is Jan. 10.

First on the list is the skin & scuba diving class for men and women, 18 years of age and up who are fair swimmers, to be held on Tuesday at Carl Sandburg high school pool from 7:00 - 9:30 p.m.

Instructors for the class (instructor ratio is 1 for 1) will be certified scuba instructors of the Atlantic Divers Skin & Scuba club from the West Suburban YMCA of La Grange. Divemaster for the course will be Rolf Halvorsen.

Each session will consist of one hour of classroom theory and one and one-half hours in the pool with the "Y" furnishing all of the necessary equipment. In addition to the 8 week course there will be a lake dive in the spring. Students successfully completing the 8 week course and the lake dive will be awarded diplomas. The maximum enrollment for the class is 26 students.

The other new course being offered is junior and senior life saving which also will be held at Carl Sandburg pool. Minimum age for junior life saving is 12 years; senior life saving minimum age is 16. This class will be for men and women, as well as boys and girls. Class time will be from 6:30 - 9:00 p.m., each Tuesday.

Each session will consist of one hour classroom theory and one and one-half hours in the pool. Students successfully completing the course will receive both YMCA and Red Cross Certification and badges.

For further information, please call the "Y" office at GI 8-3888.

Care Of Stroke Patients Is Stressed At Seminar

A seminar on nursing care of the stroke patient for registered and practical nurses was held at Silver Cross hospital, Joliet, as part of the program covering public and professional education by Region II of the Illinois Heart Association. Eighty-eight nurses representing all nursing fields in Will and Grundy counties attended.

Dr. James J. Nordland addressed the afternoon session on the medical aspects of cerebral-vascular disease, discussing the symptoms of so-called heart trouble and the care of patients by both doctor and nurse. He stated that the first 24 hours were the most critical during which time the patient needed constant attention, should have frequent changes of position, the body kept in a full motion as possible, and blood pressure taken every 15 minutes.

Physio-therapy, Dr. Nordland said, is useful in re-educating muscles and, by a judicious use of splinting, helpful in increasing the use of arms and legs. One of the difficulties ahead of the patient was to secure employment following

an attack; but there is no reason why he should not return to his usual work in most cases, the doctor said.

Mrs. Helen Tea, director of Silver Cross School of Nursing, introduced Dr. Nordland who spoke at 2 p.m. Miss Irene Stolp, educational director of the School of Nursing at St. Joseph's hospital, presided for the remainder of the program which was devoted to details of nursing care of stroke patients discussed and demonstrated by Mrs. Rosaria Scariano, Michael Reese hospital, Chicago; Mrs. Shirley Prchol, St. Joseph's hospital and Mrs. Margaret Ranck, Ranck nursing home, Carthage.

Rehabilitation was the theme of the evening session.

Set Price Of Milk For November

Dairy farmers shipping to the Chicago market will receive \$3.84 per cwt. of base milk and \$3.75 per cwt. of excess milk for 3.5 % butterfat milk delivered in the 70-mile zone in November, according to Harry L. Edwards, director of marketing for Pure Milk Association.

The differential for each one-tenth of one percent of butter fat above or below 3.5% is 7.4 cents per cwt.

Base milk is generally defined as that portion of a farmer's production in any month which does not exceed his average production in the September, October, and November period of the preceding year. Excess milk is production over and above the base average.

The November uniform price announced by the market administrator was \$3.75. The additional amount of 9 cents per cwt. which makes up the base price is the result of the superpool negotiated for the Chicago market by Federated Dairy Cooperatives thru the leadership of Pure Milk Association. The base price is 5 cents higher than the October base price.

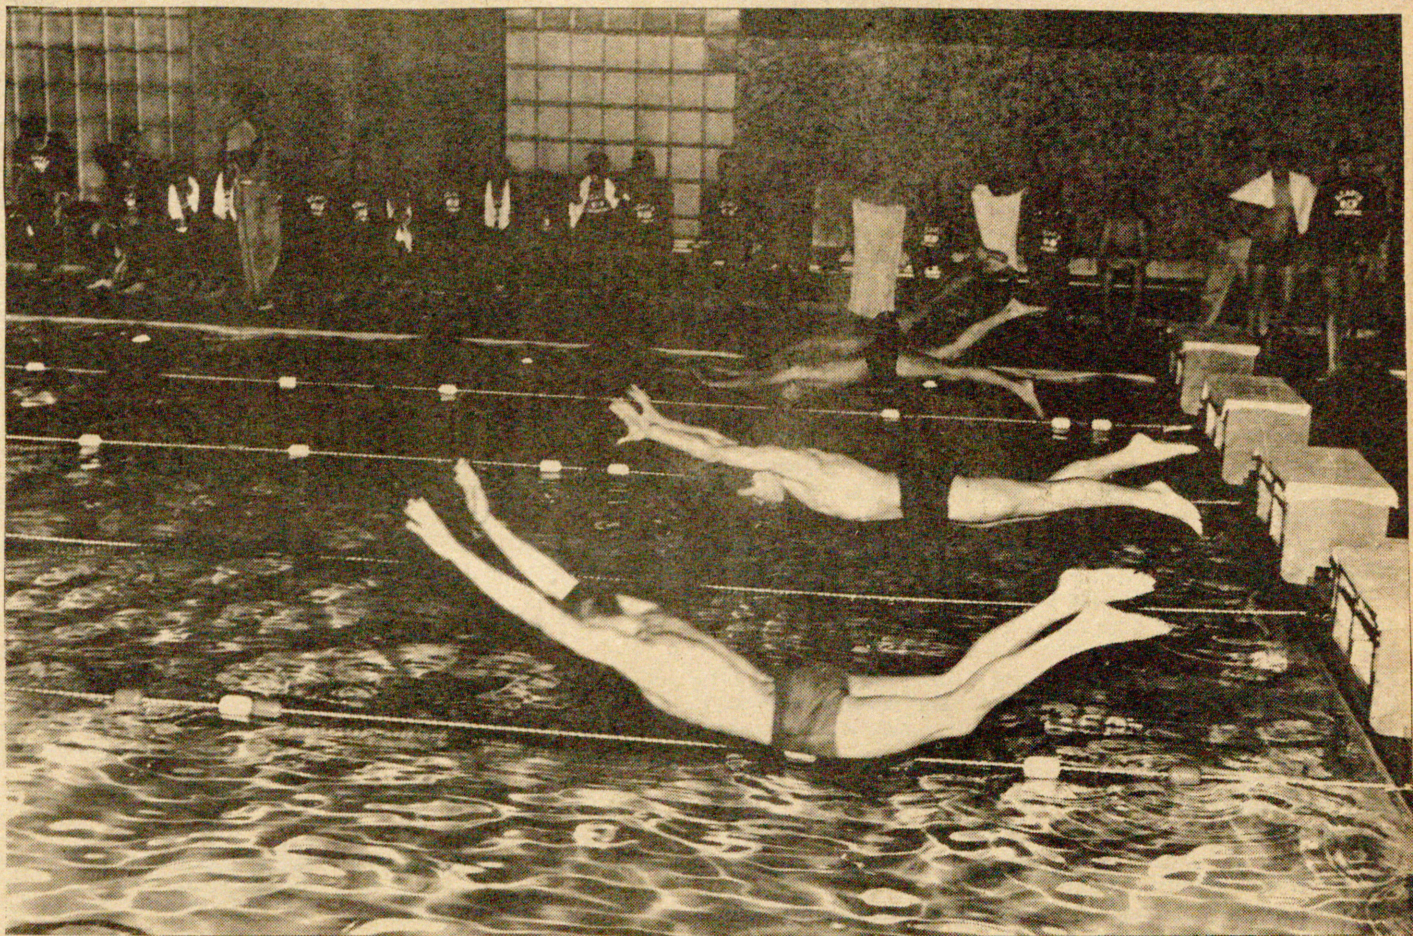

The base premium is derived from a premium of 18 cents per cwt. on bottled milk plus a 20-cent premium on milk going into fluid cream. These superpool payments to Order 41 producers totaled \$11,557,902.33 for the first 11 months of 1960.

Dairy farmers delivered over 415 million pounds of milk to area handlers in November. This is an increase of over 30.7 million pounds from the production in November, 1959.

Utilization figures show that 63.9% of November milk was used in fluid milk and cream channels, leaving 36.1% used for manufacturing purposes.

Noteworthy Turf Trivia

These things, too, happened during 1960... The Thoroughbred scored a victory over the machine age in France when officials ruled that no planes could land or take-off at Le Touquet airport during racing hours... Fans with a leaning toward numerology scored at Longacres, Seattle, on July 16, when a horse named Twelve Ten won and paid \$12.10... A horse named Accomplish still sought his first victory outside of Florida where he had won six races in a row... The Jockey Club registered Thoroughbred foals from every state in the Union except Alaska... At a party marking the 86th birthday of trainer Sunny Jim Fitzsimmons, son John Fitzsimmons observed: "I'm catching up

with Pop; he used to be 19 times older than me, now he's only 19 years older."... Hialeah had a record crop of 65 young home-bred flamingoes on its infield lake... Jockey Bill Hartack, asked to underwrite a team of little leaguers, underwrote the entire league involving 400 youngsters... August 13 proved a lucky day for many fans at River Downs when odd circumstances caused three Daily Double payoffs; two were the result of a dead heat which provided two winners of the second race, and the third was a "consolation" double provided when Merry Jayne was ordered scratched from the second race by the stewards...

CSHS Music Parents

The meeting of the Music Parents of Carl Sandburg high school held on Dec. 5 at the high school was conducted by vice-president V. A. Mortenson in the absence of president F. H. Wiley.

Mrs. Mary E. Pettyjohn, choral teacher and director, gave an outline of the Christmas concert to be presented at the high school on Sunday, Dec. 18. Thirty-three choral members went to see the Rodgers and Hammerstein-Fields "Flower Drum Song" in Chicago, Dec. 6. In behalf of the "Tone Poets", Mrs. Pettyjohn thanked Music Parents for the new sweaters purchased recently. They are white with a blue and gold lyre emblem on the front. The "Tone Poets" have a number of appearances scheduled.

Milton Potter, band teacher and director, stated that the "Pep Band" has been doing its bit to encourage the Sandburg basketball teams by playing at the home games. He has formed a new 11 piece "Combo" which played in the Palos Heights Santa Claus parade Dec. 3. He also thanked the parents who gave their time to check candy and money during school hours the week following the candy sale.

It was announced that the Drake University Band of Des Moines, Iowa, will present a Chicago Area Concert at the Carl Sandburg High School on February 14, 1961. The concert will be sponsored by the Band Parents of Elementary School District No. 118. Judy Galbraith, a 1960 Sandburg graduate and freshman at Drake University, will be playing French Horn with the band on this appearance.

F. J. Hirth reported that the candy sale was a tremendous success and wishes to thank the students and parents for doing such a wonderful job.

Mrs. Ted Slack was appointed historian for Music Parents. A "scrap-book" will be compiled of the publicity news items which have appeared in the newspapers. Contributions of news items, past or present, pertaining to Music Parents, Music Department, students or graduates of Music Department, would help to get the book started.

Due to unforeseen circumstances the program scheduled to follow the meeting was cancelled. Refreshments were served at the close of the meeting. The next Music Parents meeting will be held at the high school on February 13, 1961.
